- Helping students build a relationship with God and with each other.
- Providing a place to learn, listen, laugh, rest, pray, play and serve.
- Praying for our students daily and walking alongside them as they journey through life.

Our teachers, leaders and parents, along with the Student Ministry Team, provide opportunities for our Middle School and High School students to grow in their faith, learn about God, and serve others – all in an environment that is safe, healthy, caring and loving. “The things I like most about our youth group are the people, the missions, and how Jesus is incorporated in to everything we do.”

- Emily Barfield, 9th Grade

“I’ve learned how to keep believing in God even when you think He isn’t with you. The truth is that He is always with you.”

- Alesia Martin, 10th Grade

“When I think of FBC Conway Youth, I think of our awesome Wednesday night sessions; laughter and fun on all of our retreats; and our Bible studies that really mean something,

and show me something deeper and different with my relationship with God.

- Jacob Livingston, 9th Grade

“The things I like about our youth ministry is the great people in the group; the awesome experiences; and coming to youth on Wednesday nights and Sunday mornings. I’ve learned to have a better relationship with God and learned about Jesus in an authentic, laid-back style.”

- Robbie Anderson, 9th grade

“There’s always fun. There’s always a friend to talk to. There’s always something new we learn when we meet together. You learn more about God, Jesus, and a better understanding about the Bible.”

- Collin Haines, 12th grade

“In youth group we accept everyone and we always feel open to talk about stuff with each other. We have a chance to be ourselves and experience others journey with Christ, as well as our own..”

- Coker Edge, 10th grade

“While being in the youth ministry I have learned that being a Christian and learning about God doesn’t have to be strict. It can be relaxed and enjoyable. I’ve also learned that having close Christian friends to fall back on is a major source of support.”

- Matt Barfield, 12th grade
